

Commissioners:

Rumors are going around that you're considering repealing the no-wake zone in Bayview's Scenic Bay. Please don't even think about it -- and don't underestimate the local support for the zone. It's essential and it protects our bay in more ways than one. I live here and I keep a boat at a local marina. The No Wake Zone makes sense.

I'll look forward to hearing back from you that you'll pledge to keep the No Wake Zone in place.

Thanks!

Bob Elmer
