Subject: wake zone in Bayview

PLEASE do NOT change the no wake zone in Scenic Bay. I am one of many who have lived in the area for three or more decades and sail the big lake. The no wake zone gives us a fighting chance to rig our boats before we have to run the growing gauntlet of power boaters who are making use of the new boat launch at Farragut State Park. By the way, once the boaters who use this revised launch in the park clear the dock area they have no restrictions. Due to the limited options with parking trailers most power boaters choose this launch site anyhow.

Once again, PLEASE preserve the area in Scenic Bay for the sailing community who are permanently docked and need a buffer to prepare for another wonderful day on the lake.

Thank You,

Harvey Brannigan
