TO WHOM IT MAY CONCERN:

I am a long time Bayview resident, and former boat owner on Scenic Bay. I want to add my voice and vote to the call to retain the Bayview NO WAKE ZONE in its current configuration. Not only are there no good reasons to change the current plan, there are plenty of good reasons NOT TO CHANGE THE NO WAKE ZONE. The safety, serenity, and ecological considerations are important to this area, and there seems no reason to change.

Please voice your concerns about this important issue. Our safety record is superb, and there is no reason to allow the speed demons to have their way in the face of so many legitimate local concerns.
