Subject: Wake Zone;

To whom it may concern:

We my wife and I recently heard that Bay view was possibly going to lose its No Wake Zone restriction in our Bayview harbor. This is absolutely not acceptable by the majority of local taxpaying residents. We moved here for the quiet and peacefulness of our area. To open it up to large noisy boats and those noisy jet ski boats all day long. Forget it.

Please reconsider any further action that your commissioners are planning to apply.

Thank you for now
