I am writing in support of keeping the current No Wake Zone in it's present location. I am a long time Bayview resident. I know how very special Scenic Bay is to those who live here & enjoy the life. I feel that it would be hazardous to all who use the bay, especially children. Whoever proposed changing it must be from somewhere else. They must also be inconsiderate & foolhardy. If the No Wake Zone is changed, I hope that those responsible for changing it should also be held responsible for the injuries & damage that result from it.
