Dear Commissioner Tondee,

I support the no-wake zone in Scenic Bay. Safety alone warrants it. While it may inconvenience some, that is a small price to pay for the safety for multiple users and peace and quiet it provides to our community.

As bigger, louder, faster boats fill our lake, Scenic Bay remains just that, a scenic, serene and safe harbor for all that use it. No wake zones are vital for erosion prevention, and scenic preservation.

Scenic Bay is unique because it has float homes, lots of them, that are effected by boat traffic. Removing the no wake zone would have detrimental repercussions for these owners/users.

Sincerely,

Sheryl Puckett
