Subject: No Wake

We keep our boat in a Bayview slip year round so we know how long the no wake zone is. Sometimes it does seem a little long, but I just remember to enjoy the ride and the beauty of Bayview. I want to keep the mile long no wake zone that protects all the boats, float homes and the pristine look of the bay. It's nice to have some of the world on a slower pace. Let's Keep It That Way!
