

Subject: Keep the No Wake zone where it is, please.

As a person who visits Bayview often, I can say with conviction that one of the reasons Scenic/Hudson Bay is as tranquil, inviting and safe as it is the existing No Wake zone.

I can't imagine that the zone being diminished or eliminated can possibly favor the general common good of visitors, residents, business owners and the majority of boat operators.

I strongly urge you to keep the zone at its present location.

Thank you.
