Subject: No Wake Zone

We are soon to become home owners in Bayview but have lived here since 2006. We are tax paying citizens and feel that we have the right to speak our minds on the subject of the No Wake Zone. I work in a Marina and have so since moving to Bayview. The removal of the No Wake Zone is ludicrous. Bayview is a quiet peaceful place to live. I do not want that peace shattered but more importantly removal of the No Wake Zone will create difficulties for the 220 float homes that exist on this end of the Lake. What are you thinking? Two Marinas have float home communities that face the water. The Marina where I work has about 50 float homes interspersed through its boating community. Wave action causes issues with those that lease from the marina. Removal of the No Wake zone would also create more noise and present issues for those who use paddle boats and kayaks.

Both my husband and myself are adamantly against this proposal. Don't change something that is not broken.
